Docket No. 98N-1265
Food and Drug Administration
5600 Fishers Lane
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I feel we have more than enough governmental
controls without adding more. I have had
personal experience with hormonal problems
and have not had any luck with STANDARDIZED
prescriptions. It is vital to me to be able
to get a specialized medication which has been
determined APPROPRIATE for ME + ME ALONE.
PLEASE don't take this away.
